Validation Issues

Price: no issues detected.

Fundamentals: 9 informational issue row(s). See Markdown report for details.

Normalized Price Index

Chart saved separately: outputs/charts/price_index_2025.svg

Next Steps

Extend price history to 2015 or earlier, replace current-universe fallback with point-in-time KOSPI200 membership, and add Rank IC, quintile spread, sector-neutral portfolios, and transaction-cost sensitivity analysis.
